

1. Identification of the product and the company

- Identification of the product
Product name: Rice Protein Concentrate 80RP
Trade name: Rice Protein Concentrate 80RP
- Company/undertaking identification
Company: GOLINSE PTE. LTD.
68 Circular Road, #02-01, 049422, Singapore.
Email: services@golinse.com Website: golinse.com
- For use: Used for the food processing.

2. Composition/information on ingredients

- Molecular formula: Not applicable.
- Protein content: $\geq 80\%$

3. Hazard identification

Products which are unlikely to cause unsafety, in conditions of transport, storage and preservation, for proper use and for the right purpose, without causing harm to humans, animals, plants, property and the environment.

4. First aid measures

- After inhalation: fresh air.
- After skin contact: wash off with water.
- After eye contact: rinse out with water.
- After swallowing (large amounts): consult doctor if feeling unwell.

5. Fire-fighting measures

- Suitable extinguishing media: in adaption to materials stored in the immediate neighbourhood.
- Special risks: combustible. Danger of dust explosion.

6. Accidental release measures

- Person-related precautionary measures: avoid generation of dusts; do not inhale dusts.
- Procedures for cleaning / absorption: take up dry. Forward for disposal. Clean up affected area. Avoid generation of dusts.

7. Handling and storage

- Store in a cool and dry room sealed packaging.
- Do not store in close proximity to any flammable, explosive and toxic substances.

8. Exposure controls/personal protection

- Personal protective equipment: Protective clothing should be selected specifically for the working place.
- Respiratory protection: Required when dusts are generated.
- Eye protection: Required
- Hand protection: Recommended
- Industrial hygiene: Wash hands after working with products. Change contaminated clothing.

9. Physical and chemical properties

- Form: smooth powder.
- Colour: Light brown or rice colour.
- Odour: no strange odour
- pH value at 5 % in 28 – 30⁰C solution: 5.0 - 7.0
- Melting point not applicable.
- Boiling point not applicable.
- Ignition temperature not available
- Flash point not applicable.
- Explosion limits :lower not available/upper not available

10. Stability and reactivity

- Conditions to be avoided: strong heating (decomposition).
- Substances to be avoided: strong oxidizing agents
- Hazardous decomposition products: none

11. Toxicological information

- Acute toxicity: quantitative data on the toxicity of this product are not available.
- Possible effects:
 - After skin contact: Slight irritations.
 - Inhalation of the dusts should be avoided as even inert dusts may impair respiratory organ functions.
 - No toxic effects are to be expected when the product is handled appropriately.
- Further data: the product should be handled with the care usual when dealing.

12. Ecological information

- Biologic degradation: Biodegradable.
- Ecotoxic effects: quantitative data on the ecological effect of this product are not available.
- No ecological problems are to be expected when the product is handled and used with due care and

attention.

13. Disposal considerations

- Product: There are no uniform for the disposal of products or residues. Product residues generally count as special waste. If having any request, we recommend that you contact either the authorities in charge or approved waste disposal companies which will advise you on how to dispose of special waste.
- Packaging: Disposal in compliance with official regulations. Handle contaminated packaging in the same way as substance itself. If not officially specified differently, non-contaminated packaging may be treated like household waste or recycled.

14. Transport information

IATA (Air): Not regulated.

15. Regulatory information

- Law on Product and Goods Quality No. 05/2007/QH12.
- Law on Food Safety No. 55/2010/QH12.
- Labeling contents under the guidance of Decree No. 43/2017/NĐ-CP about labelling.
- Other relevant legal documents.

16. Other information

The information contained herein is based on the present state of our knowledge. It characterizes the product with regard to the appropriate safety precautions. It does not represent a guarantee of the properties of the product.
